Topic: Hearing from God

Text: Habakkuk 2:1-3

Introduction

The bible in Ps 94:8-9 says “so surely he can hear what is happening! He made our eyes, so surely he can see you”! The God of heaven who created our senses created them so we can communicate with each other and him. If God can see, then he can definitely talk; and he wants to talk to you. Most of the time, God will speak to you through your spirit man. It is left for you to understand how God speaks and walk in his path for your life. When we read the bible, we read phrases like “and the word of the Lord came to me”. The Word of God goes to every Christian, but it is left for that Christian to understand what is happening and act accordingly.

What you need to have for God to speak to you

1. Relationship. You have to be a born again Christian
2. You need the bible, regular prayer time and writing materials
3. You need a quiet place. Habakkuk had a watch tower where he meets with God
4. A willing heart to obey his instructions
5. Faith to stand strong and knowledge of the bible

How God speaks to you

1. The best way I can describe how God speaks to a person is through the person’s thoughts. God will speak to you through random thoughts at any time. You will know it is God when it does not contradict the bible and you were not thinking about that thing before
2. God also speaks through dreams. You need the gift of interpretation, but God sometimes speak to people through dreams
3. In my experience, God speaks to people through their desires. God puts a desire in your heart and it does not go away easily
4. God speaks in the first person pronoun. Your Spirit man knows the mind of Christ and can communicate with you, if only you pay attention

5. God speaks through the bible. The bible is the written word of God and you have to read it regularly to know more about God

Hindrances to hearing from God

1. Doubt. Many people doubt that they are hearing God
2. Ignorance of how God speaks to people
3. Busyness People are not busy to spend time to hear from God.

Conclusion

The God of heaven wants to speak to you. He wants to tell you of future events and he wants you to carry out his instructions. All you need to do, is to learn how he speaks to you.
